Project Title: Final Designs and Permitting for the Salt Lagoon and Community Pond Flood Mitigation

Effective Date of Amendment: June 8, 2026

Effective the date shown above, this Request for Proposals (RFP) is hereby amended as follows:

1. Page 6, Section 6.F. – delete the last three bullet points.

Section 6.F. now reads:

Section 6. F. Plans and Specifications

The Firm shall provide the following:

- Conduct kick-off and review meeting with the City
- Prepare plans and specifications based on the design review comments and local conditions. The plans shall be plan and profile type drawings, prepared according to City standards.
- Prepare project specifications that conform to federal, state and local laws. The project specifications shall include general provisions that will be subject to review by City.
- Prepare the final conceptual design, including large format display board and electronic files, using the approved conceptual design and incorporating any approved revisions to the City to present at public meetings and the City Council meetings.
- Obtain all permits required for the design of the project.
- Identify and precisely locate all existing utilities in the footprint of new utilities.
- Plot typical cross sections to illustrate existing and proposed conditions.
- Incorporate project specifications into construction contract documents, including a description for each bid item.

2. Page 7. Section G – Remove all but the first bullet point.

Section 6.G. now reads:

Section 6.G. Project Inspection

The Firm shall provide the following:

- Prepare construction bid documents for review and approval by the City.

ALL OTHER SECTIONS, TERMS, AND CONDITIONS OF THE RFP REMAIN IN FULL FORCE AND EFFECT.
