# COMMUNITY HOME HEATING FUEL TANK REPLACEMENT PROGRAM

The Community Home Heating Fuel Tank Replacement Program is a joint effort between Central Bering Sea Fishermen's Association, the City of Saint Paul, and the Tribal Government of St. Paul to provide replacement fuel tanks to residents' homes in need of new home heating fuel tanks.

## ELIGIBILITY

This program is available only to primary homeowners who are full-time residents of Saint Paul Island.

**Applicants must:**

- Own the home where the tank is located
- Live in the home as their primary residence
- Be a full-time resident of Saint Paul Island

**Priority will be given to tanks determined to be in the worst condition based on inspection and safety risk.**

## APPLY TODAY!

Applications are available at the CBSFA office and must be submitted to the office during normal business hours.

If you have any questions, please contact **Kendra** at **(907) 546-2597.**
